/EINPresswire.com/ -- Great Place to

Work® has honored [Eagle Point](#)

[Solutions](#) as one of the 2022 Best Workplaces in Construction™. This is Eagle Point Solutions' first time being named to this prestigious list, this year coming in at 12th place. Earning a spot on this list recognizes that Eagle Point Solutions is one of the best companies to work for in the country.

“

Our wonderful people are the reason that Eagle Point is such a special place to work, and we are eternally grateful for their dedication and hard work.”

*Michael Weekley, CEO*

The Best Workplaces in Construction award is based on an analysis of survey responses from over 25,000 employees from Great Place to Work-Certified™ companies in the construction industry. In that survey, 100% of employees said Eagle Point Solutions is a great place to work. This number is 43 points higher than the average U.S. company.

“We are honored to be selected as one of Great Place to Work’s Best Workplaces in Construction.” Said Founder and CEO Michael Weekley. “Our wonderful people are the reason that Eagle Point is such a special place to work, and we are eternally grateful for their dedication and hard work.”

The Best Workplaces in Construction list is highly competitive. Great Place to Work, the global authority on workplace culture, selected the list of winners using rigorous analytics and confidential employee feedback. Companies were only considered if they had been a Great Place to Work-Certified™ organization.

Great Place to Work is the only company culture award in America that selects winners based on

how fairly employees are treated. Companies are assessed on how well they are creating a great employee experience that cuts across race, gender, age, disability status, or any aspect of who employees are or what their role is.

“These companies have adapted to the challenges of an ever-changing workplace by their commitment to inclusive, high-trust cultures where employees are treated as human beings first and foremost,” says Michael C. Bush, CEO of Great Place to Work®. “Congratulations to the Best Workplaces in Construction.”
