Attain Online Japanese Language School Fall Semester Enrollment

AOJ language school will be open in April 2022!

AOJ Language School is an online Japanese language school operated by Attain Corporation, a long-time producer of online Japanese language materials. Students can enroll from anywhere in the world with an Internet connection. The school offers twice-weekly live classes taught by experienced Japanese language instructors and on-demand materials that can be accessed 24

hours a day, making it possible to adapt learning to the student's location and lifestyle. The abundance of content, including teaching materials and classes, and the live-access nature of the classes, which allows students to ask questions immediately to their teachers, are appealing, and the ease with which students can continue their studies leads to a steady improvement in their Japanese language skills.

In April 2022, many students from all over the world enrolled in the first term of the program to study Japanese.

Although the first batch of students is studying in the beginner's class "i-class" in response to requests from prospective students around the world for classes at various levels, it has been decided that in October, in addition to the introductory and beginner's level "i-class," the beginner's level "ro-class" and intermediate class "ha-class" will be offered as well. In addition, in response to numerous requests from Japanese language learners living in different time zones around the world, we have decided to significantly increase the number of class hours starting in the fall semester. Students will be able to attend classes at times that are convenient for them, no matter where they live in the world.

They received applications from all over the world for the online school information session that was held in conjunction with the enrollment application, and we received many questions during the Q&A session. In consideration of the fact that some of people may not have been able to attend due to time constraints, they have decided to post a video of the information session on YouTube.

The deadline for application for admission is Monday, September 12 (Japan time). For more detailed information and application, please refer to our website. You can also request information materials or ask questions about the school through the website.
