

# Zama Massage Therapeutic Spa Expands Services with Cutting Edge Wellness Technology

*Portland's top spa adds the most powerful red light therapy bed to its menu of wellness experiences to enhance relief, relaxation and rejuvenation*

PORTLAND, OR, USA, September 8, 2022 /EINPresswire.com/ -- [Zama Massage Therapeutic Spa](#), voted Portland's Top Spa, expands its services with [Prism Light Pod](#), award-winning red light therapy sessions. Zama offers premier spa services and packages such as Hydrafacial MD, Eminence Organic Facials, Therapeutic Foot Treatments and over ten different methods of massage ranging from Deep Tissue, Swedish to Ashiatsu Oriental Bar Therapy. Treat yourself to the ultimate wellness getaway at the first Spa in Oregon to offer Halotherapy Salt Caves and Prism Light Pod red light therapy.

“Here at Zama, we are committed to providing our clients with the most therapeutic and pain relieving spa experience in Oregon.” said Geneva Cardoso, Owner of Zama Massage Therapeutic Spa. “We were the first location in the state of Oregon to offer Halotherapy, and we follow that legacy by bringing the most effective red light therapy solutions to our Spa.”

Red light therapy increases blood flow and cellular wellness throughout the entire body. It rids the body of free radicals to combat chronic fatigue and enhances overall rejuvenation. Prism Light Pod sessions are safe, private, non-invasive and optimized to:

- Promote anti-aging & skin conditioning by stimulating collagen production: Helps even out skin tone and wrinkles, and visibly improves psoriasis, acne, eczema, and dermatitis
- Speed weight-loss: Shrinks fat cells
- Reduce chronic pain & disorders: Helps relieve pain caused by inflammation, nerve damage,

and auto-immune conditions

- Improve wound & injury healing: Dramatically speeds recovery from sprains, strains, and surgical procedures
- Accelerate performance & sports recovery: Helps repair musculoskeletal issues while reducing stiffness and soreness
- Relieve arthritis & joint pain: Supports improvements in rheumatoid and osteoarthritis, while slowing disc degeneration

Prism Light Pod is a FDA registered Class II medical device. Sessions are private, safe, and non-invasive.

“Offering cutting edge services is just one way Zama has built and kept its longstanding reputation as Portland’s premier destination for relaxation and rejuvenation,” said Karl Chen, Founder & CEO of Prism Light Pod. “Prism Light Pod is the perfect addition to Zama’s menu of innovative wellness services.”
