Moreover, the study provides Porter's five forces model, along with portfolio and financial analysis and business overview of services and products. The report outlines market segmentation and growth analysis of the top 10 market players that are currently active in the Supply Chain Control Tower industry. The report also contains information and statistics, tables and figures that are used in strategic planning for the company's success.

Key Players Mentioned in the Supply Chain Control Tower Market Research Report:

SAP SE, Infor, Inc., International Business Machines Corporation, Kinaxis, Inc., o9 Solutions, Inc., Publicis Sapient, Elixia Tech Solutions Pvt. Ltd., Blue Yonder Group, Inc., One Network Enterprises, Inc., and PandoCorp Private Limited.

Some Key Highlights from the Report

The analytical segment is expected to register a steady revenue CAGR during the forecast period. An analytical supply chain control tower can deliver useful insights using real-time analytics, and this can assist in the management and monitoring of decisions and execution across functions and enterprises in order to optimize the overall network. Increasing volume of data across supply chains and rising need for a uniform cost-saving solution are expected to increase demand for analytical supply chain control tower solutions.

The supply assurance segment is expected to register a significantly robust revenue growth rate over the forecast period, owing to projected increase in demand for supply chain control tower to aid in ensuring supply availability, on-time delivery of supply, quality of products, quality of service provided by supplier, and supplier continuity.

North America is expected to account for the largest revenue share in the global supply chain control tower market over the forecast period due to robust presence of leading market players, including Infor, Inc., International Business Machines Corporation, Kinaxis, Inc., and o9 Solutions, Inc., among others, in countries of the region.
