

Christenson Transportation Named 2022 SmartWay® High Performer

For achieving a high-performance ranking in TL/Dry Van Truck Carrier in the "Carbon" & "All Metrics" recognition categories.

STRAFFORD, MO, UNITED STATES,
September 9, 2022 /EINPresswire.com/
-- September 9, 2022

Strafford, MO—[Christenson Transportation](#) has been recognized by the U.S. Environmental Protection Agency (EPA) as a SmartWay® High Performer for achieving a high-performance ranking in TL/Dry Van Truck Carrier in the "Carbon" & "All Metrics" recognition categories.

Christenson Transportation Inc. has continued its commitment to track and report its carbon accounting practices for fourteen consecutive years. Based on the performance of Christenson Transportation Inc.'s freight transportation operations the U.S. Environmental Protection Agency (EPA) SmartWay® has named Christenson Transportation Inc. a 2022 SmartWay® High Performer. Among the thousands of companies partnering with EPA through SmartWay®, Christenson Transportation achieved significant shipping and freight efficiencies that merited special recognition.

“

We constantly strive to be at the forefront of the trucking industry and to honor our core values as the carrier "Where the Truckers Truck".

Don Christenson

Christenson Transportation takes great pride in being a Certified 2022 SmartWay® High Performer. We feel that it is our obligation and desire to promote the values and ideology of SmartWay®'s commitment to the environment. We constantly strive to be at the forefront of the trucking

industry and to honor our core values as the carrier "Where the Truckers Truck".

Christenson Transportation 2022-2023 fleet trucks

SmartWay® is a voluntary program that supports companies' initiatives to reduce greenhouse gas emissions from freight supply chain transportation activities. Operational strategies, data management tools, and verifiable technology support are provided. The SmartWay Partnership is a domestic and international freight and supply chain program that manages data for over 3500 partners across all domestic shipping modes in the US and Canada.

SmartWay implements its goals to lower freight carbon footprints by conducting analysis and research of freight impacts, engaging with freight experts, anticipating, and responding to trends, developing strategic resources and communication strategies, and serving as an international model.

Christenson Transportation has been recognized by the EPA as a SmartWay® High Performer

Christenson Transportation is a family-owned freight and logistics services company, established in 1979 and based in Strafford, Missouri. The company runs in the lower forty-eight states as well as parts of Canada.
