BOCA RATON, FLORIDA, UNITED STATES, September 8, 2022

/EINPresswire.com/ -- Vido's Health & Beauty will promote its Hemp-Seed Oil skincare product line next week at an ECRM event, which brings together retail buyers and product manufacturers for one-on-one meetings.

ECRM brings buyers and brands with new products together for private meetings. Buyers attending the ECRM event represent regional and national food, drug, and mass chains.

"We are thrilled that our team will have the opportunity to meet with buyers from some of the most sought-after retail chains in the United States," said Iva Plummer, one of the co-founders of Vido's Health & Beauty U.S.A. "We will be able to talk about the health benefits of Hemp Seed Oil."

Plummer said research has shown how Hemp Seed Oil can revitalize skin.

"HSO reduces inflammation which is a major cause for various skin conditions, such as acne, eczema, dermatitis, and psoriasis," she said. "With HSO, our skincare products keep your skin hydrated."
