Military Helicopters Global Market Report
2022 – Market Size, Trends, And Global
Forecast 2022-2026*

LONDON, GREATER LONDON, UK,
September 21, 2022 /

EINPresswire.com/ -- As per The
Business Research Company's "Military
Helicopters Global Market Report

2022", the military helicopters market is expected to grow from \$49.93 billion in 2021 to \$53.91 billion in 2022 at a compound annual growth rate (CAGR) of 8.0%. The growth in the market is mainly due to the companies rearranging their operations and recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. As per TBRC's military helicopters market research the market is expected to reach \$69.36 billion in 2026 at a CAGR of 6.5%. Increasing military expenditure contributed to the growth of the [military helicopters market growth](#).

Key Trends In The Military Helicopters Market

Technological advancements in the helicopter manufacturing process is shaping the military helicopters market. The global helicopter industry is undergoing a substantial transformation in recent years. Significant technological advancements including extensive use of additive manufacturing, computation structural dynamics modeling, advanced condition-based maintenance (CBM), fly-by-wire controls, health, and usage monitoring systems (HUMS), and advanced turbine engine programs are promising big leaps in rotorcraft capabilities.

[Overview Of The Military Helicopters Market](#)

The military helicopter market consists of sales of military aircraft by entities (organizations, sole traders, and partnerships) that produce military helicopters. A military aircraft is specifically built or converted for military missions such as transport of troops, combat search, and rescue

(CSAR), medical evacuation (MEDEVAC), airborne command post, or armed with weapons for attacking ground targets. Only goods and services traded between entities or sold to end consumers are included.

Military Helicopters Global Market Report 2022 from TBRC covers the following information:

Market Size Data

- Forecast period: Historical and Future
- By region: Asia-Pacific, China, Western Europe, Eastern Europe, North America, USA, South America, Middle East and Africa.
- By countries: Australia, Brazil, China, France, Germany, India, Indonesia, Japan, Russia, South Korea, UK, USA.

Market Segmentation

- By Type: Light Military Helicopter, Medium Military Helicopter, Heavy Military Helicopter
- By Application: Utility Military Helicopter, Transport Military Helicopter, Attack/Assault Military Helicopter, Search and Rescue Military Helicopter, Multi-Role Military Helicopter, Reconnaissance and Observation Military Helicopter
- By Number of Engine: Single, Twin Engine
- By Component and System: Airframe, Main Rotor Systems, Anti-Torque Systems, Electrical Systems, Hydraulic Systems, Avionics, Stability Augmentation Systems, Flight Control Systems, Undercarriages, Environmental Control Systems, Emergency Services, Special-Purpose Systems, Engines
- By Geography: The global military helicopters market is segmented into North America, South America, Asia-Pacific, Eastern Europe, Western Europe, Middle East and Africa. Among these regions, Asia-Pacific holds the largest share in the market.

Major market players such as Airbus, BAE Systems, Boeing, China Aerospace Science, and Industry Corporation, Enstrom Helicopter Corporation, Hindustan Aeronautics Limited, Korea Aerospace Industries, Leonardo S.p.A., Lockheed Martin, NHIndustries, Russian Helicopters, Textron, Turkish Aerospace Industries and Kawasaki Aerospace Company.

Trends, opportunities, strategies and so much more.

Military Helicopters Global Market Report 2022 is one of The Business Research Company's comprehensive reports that provides an overview of military helicopters market. The market report gives military helicopters global market analysis, military helicopters global market size, military helicopters global market growth drivers, military helicopters global market share, military helicopters global market segments, military helicopters global market major players, military helicopters market growth across geographies, and military helicopters market competitors' revenues and market positioning. The military helicopters global market report

enables you to gain insights on opportunities and strategies, as well as identify countries and segments with the highest growth potential.
