When interviewed by [Big Stories of Small Businesses](#), Boxwood Digital Founder and CEO Danielle Duran said, "Something else I want to mention...is the idea that you don't have to accept things the way they are. I grew up hearing how everyone just hates their job and that's the way it is, suck it up. I also grew up being told, you just have to work a 9-5 desk job, that's just the way it is; people without 9-5 jobs are never successful. I was even told that you could either be a good mom or be a working mom — you can't be both. Once I realized that I didn't have to accept these 'realities' and could make my own reality, it was life-changing!"
