ONEIRO FESTIVAL will feature world class international DJs on Saturday, September 17 from 6pm to 5am at the Convention Center, located in San Antonio de Belén, Costa Rica.

Throughout his 20-year career, Iván Céspedes, known in the media as Oneiro, which translates to "dreams" in Greek, shared stages with great national and international artists, and starred as the main artist at the best clubs and electronic music festivals in the country. The producers of Electric Animals created the ONEIRO FESTIVAL to carry on Oneiro's legacy and ensure his dreams continue to transcend.

In this first premier of the festival, the international DJs who will take the stage include Sebastien Leger (France), Oliver Huntemann (Germany), Maksim Dark (Russia), Stereo Express (Belgium), and Tara Brooks (United States).

National talent will be represented by the Electric Animals DJs: Alel, Fernando Melo, Javee, and María Wabe, and Ces Castro and Richard Salazar will perform as national guests. All of them will be in charge of honoring the valuable legacy that ONEIRO left.

Tickets to the festival will start at 34,100 colones and can be obtained through the electronic point of sale eticket.cr at the following link:

In addition, anyone interested will get a 35% discount on all Selina accommodations in the country using the code: OneiroFest.

ONEIRO FESTIVAL will be an experience that invites you to connect with the universe, the body and the soul. All barriers and dimensions will be crossed, and attendees will travel between dreams, dancing for a better world, for life, all united by music.
