

# ESP Announces its Event Security & Event Staffing Services

*The Texan staffing solution agency launches its Event Security & Event Staffing Services*

AUSTIN, TEXAS, UNITED STATES,  
September 12, 2022 /

EINPresswire.com/ -- ESP, a leading staffing solution agency, has just

announced its event security and event staffing services. This is such a boon for Austin as many events occur daily, and a solution under one roof is much more convenient. Their staffing and event security services aim to make the events prosperous and free-flowing.

Event security is probably one of the most important aspects of any event. It is one of the first things people think about when they start planning an event, and it is one of the last things they want to deal with when it comes to their planning process. While on the other hand, Event staffing is the process of hiring, managing, and motivating employees to perform specific tasks at an event. So, ESP is here to help take care of both requirements.

First, ESP listens to the customer's needs, creates a plan for the event, and then provides the best price. They have access to an extensive database of candidates with relevant experience in their field of specialization/expertise. This means they can give the event organizers the most qualified candidates at competitive rates. They also offer training programs so that they can help their staff and train new hires on specific tasks such as crowd management and emergency response procedures. They understand that to organize a good event, the organizers need the best staff and security, and once that's accomplished, the event will be unforgettable. It will attract people from all places in town.

"We are super excited to launch our [event security & staffing services](#). It has been a long time coming, and bringing it to the people of Austin feels special! Our goal is to provide the highest quality of event security & Staffing service at an affordable price. We are dedicated to providing our customers with the highest level of service, integrity, and professionalism." said Tiffany Johnson, Director of Business Development at ESP.

She further added, "We are happy to extend our services to you. We have a team of experts that work hand-in-hand with our clients to create an event that will exceed your expectations. We

Staffing  
Security  
Event Support Professionals

have over ten years of experience in the event staffing industry and are recognized as one of the top event security consultants in all of Texas."

[About ESP LLC](#): ESP is an Auston-based staffing solutions agency that provides award-winning staff and security for events, and not only that, they also offer jobs to people looking to work in the same professions. They have been in business for ten years and are the best at their work.
