MgO Boards Market

Magnesium oxide Board, also known as MgO Board, is a mixture of magnesium oxide and magnesium chloride, cement, additives, and other materials. Magnesium Oxide board is a soundproofing material that has excellent sound reflection properties. These boards are an excellent alternative to a Gypsum Board or Fiber cement board for the construction of False Ceilings or Sound Proof Partitions. These boards are suitable for interior and exterior use in commercial and residential spaces.

Magnesium Oxide Boards are used on the exterior as Fascia, Wall sheathing, and Siding. MGO Boards are suitable for interior use as drop ceiling tile, wall paneling, drywall partition, false ceiling boards, and drywall partition. These boards are safe for the environment and human health.
