MyLand Metaverse also started its community membership drive on its Discord social media platform with an Invite Contest and will end on September 15, 2022.

“

MyLand Earth Metaverse delivers a unique land NFT and Metaverse opportunity for everyone. It represents a new pool of gamers, application developers, land NFT investors and collectors.”

*Kevin McInerney*

“We would like to thank all the participants in the Logo Contest and membership drive Discord Invite Contest. We are excited by the community response. Myland’s Membership Drive is helping to create and grow the MyLand community.” Kevin McInerney, MyLand Metaverse™ says, “Now it’s up to community members to decide. The 8 contest finalists’ design works not only reflect the spirit of the community, but the designers’ creativity as well.”

MyLand Metaverse™ is the premier NFT-ready Metaverse, based on virtual land ownership in the world’s first Earth-

based Metaverse which is supported by all credit cards and major crypto payment methods. MyLand Earth-based Metaverse is set to create a 3rd party app development platform that allows application, game developers and content creators to create a 3D replica of the physical Earth, providing an immersive experience for global Metaverse users. Users will visit MyLand Metaverse™ Earth locations, be entertained, enjoy virtual travel, social networking, attend sports events, music

“Making a selection among the 8 talented designers’ works will be difficult.” says Kevin McInerney, MyLand Metaverse™ Project Leader. “We welcome all participants who have also made our MyLand.Earth Platform Launch a success. New members can join us on Discord and watch the next chapter of the metaverse story unfold. Participate, vote, and invest in your

favorite landmarks”.

Initiated by a team of seasoned Blockchain engineers, digital artists and Silicon Valley entrepreneurs, MyLand Metaverse™ set to launch its Initial Exchange Coin Offer in Q4 2022.

MyLand.Earth's virtual land real estate and Metaverse land lot ownership presents investors with a unique opportunity to participate in an Earth-based Metaverse development project. Since its June 28th gaming platform launch, over 80,000 virtual land lots in NFTs were sold in the first month of the launch, and top landmarks around the world were sold within 6 weeks. Global gamers, application developers, digital content creators and Metaverse enthusiasts flocked to MyLand Metaverse™ website on [www.myland.earth](http://www.myland.earth) for the MyLand's unique digital Earth design, future Metaverse development plan, and cost-effective land availability.

MyLand Metaverse™ plans to create world-class travel destinations with Metaverse experiences for online users to be able to enjoy Metaverse immersive experiences and tours of such natural landmarks Himalayas and Eiffel Tower, etc, from the comfort of their living room anywhere in the world.

“We offer a free membership with no minimum purchasing requirement, MyLand Earth Metaverse delivers a unique land NFT and Metaverse opportunity for everyone. It represents a new pool of gamers, application developers, land NFT investors and collectors. As such, don't miss out!” says Myland Metaverse Project Leader, Kevin McInerney, continues, “On the MyLand Metaverse Platform, the increased activity in land NFT sale by members has proven that [Metaverse real estate](#) on our Earth-based platform is hot! Get in now before everyone else does.”

MyLand.Earth Metaverse allows NFT collectors and traders to buy and sell virtual land parcels and high-profile landmark sites anywhere in the world on <http://www.myland.earth>.
