Key Market Players mentioned in this report:

HIKAL Ltd  
Cambrex Corporation  
Ganesh-Group  
AlzChem Group AG  
Vasudha Pharma  
Anyang General Chemical Co.,Ltd  
Sarex

## Key Market Analysis and Insights:

The API intermediates market is expected to gain market growth in the forecast period of 2021 to 2028. Data Bridge Market Research analyses that the market is growing with a CAGR of 6.4% in the forecast period of 2021 to 2028 and is expected to reach USD 37,423.56 million by 2028. High burden of chronic diseases is acting as a driver for growing the demand of global API intermediates market.

Active pharmaceutical ingredients are the substance or combination of substances intended to be used in the manufacturing of a drug product which when used in the production of the drug, becomes an active pharmaceutical ingredient. Such substances are used to provide pharmacological activity.

Utilization of advanced technology in API and intermediates manufacturing is acting as a driver for boosting the demand of the global API intermediates market. Stringent government regulations for API intermediates are acting as a restraint for hampering the demand of the global API intermediates market. Rise in number of contract manufacturing organizations (CDMO) and contract research organizations (CMO) will further increase the growth opportunities for the global API intermediates market. Disruption in the supply chain of API intermediates due to COVID-19 acts challenging for the healthcare providers which may challenge the global API intermediates market.

## Global API Intermediates Market Scope:-

The API intermediates market is segmented on the basis of the type, product, therapeutic class, customers, end users and distribution channel. The growth among segments helps you analyze niche pockets of growth and strategies to approach the market and determine your core application areas and the difference in your target markets.

On the basis of type, the API intermediates market is segmented into veterinary drug intermediates and pharmaceutical / bulk drug intermediates. In 2021, pharmaceutical / bulk drug intermediates segment is expected to dominate the API intermediates market due to the rising demand of APIs for the production of finished goods and rising prevalence of various diseases which required continuous production of drugs.

On the basis of product, the API intermediates market is segmented into bromo compound, O-benzyl salbutamol, hemisulfate, oxirane, bisoprolol base, chiral PCBHP, pheniramine base, chlorpheniramine base, brompheniramine base, mepyramine/pyrilamine base, 6-amino-1,3-

dimethyl uracil, theofylline, acefylline, xanthine, nitriles and others. In 2021, nitriles segment is expected to dominate the API intermediates market due to the high cost of the products and continued research and development for the innovative APIs.

On the basis of therapeutic type, the API intermediates market is segmented into autoimmune diseases, oncology, metabolic diseases, ophthalmology, cardiovascular diseases, infectious diseases, neurology, respiratory disorders, dermatology, urology and others. In 2021, cardiovascular diseases segment is expected to dominate the API intermediates market because cardiovascular is the leading cause of death globally.

On the basis of customers, the API intermediates market is segmented into direct users/pharma companies, traders/wholesalers/distributors and associations/govt. institutions/Pvt institutions. In 2021, direct users/pharma companies segment is expected to dominate the API intermediates market because APIs manufacturers are the primary and direct user for the intermediates.

#### API Intermediates Market, By Region:

Global API Intermediates market is analyzed and market size insights and trends are provided by country, product as referenced above.

The countries covered in the API Intermediates market report are the U.S., Canada and Mexico in North America, Germany, France, U.K., Netherlands, Switzerland, Belgium, Russia, Italy, Spain, Turkey, Rest of Europe in Europe, China, Japan, India, South Korea, Singapore, Malaysia, Australia, Thailand, Indonesia, Philippines, Rest of Asia-Pacific (APAC) in the Asia-Pacific (APAC), Saudi Arabia, U.A.E, South Africa, Egypt, Israel, Rest of Middle East and Africa (MEA) as a part of Middle East and Africa (MEA), Brazil, Argentina and Rest of South America as part of South America.

North America dominates the API Intermediates market because of the rise in the cases of arrhythmic diseases, favorable reimbursement policies for patients, high demand for advanced treatment methods and developed healthcare infrastructure in the region. Asia-Pacific is estimated to grow in the forecast period due to the high prevalence of cardiovascular diseases, increase in adoption of advanced digital devices, large population and launch of new innovative products.

#### Market Analysis and Size:

In recent years, API Intermediates have become a significant need across health systems. According to the survey, hospitals account for nearly 2/5th of total adoption of API Intermediates, indicating that there has been significant acceptance by medical institutes in recent years.

Medical institutes and ambulatory surgical facilities are projected to provide many prospects for API Intermediates makers in the next years.

API Intermediates Market survey report range from latest trends, market segmentation, new market entry, industry forecasting, target market analysis, future directions, opportunity identification, strategic analysis, insights to innovation. This report explains several market factors such as market estimates and forecasts, entry strategies, opportunity analysis, market positioning, competitive landscape, product positioning, market assessment and viability studies. Market drivers, market restraints, opportunities and challenges are also evaluated in this report under market overview which gives helpful insights to businesses for taking right moves. API Intermediates Market document is bestowed with full loyalty to provide the best service and recommendations.

#### Report Coverage:

It envisages Porter's five forces analysis for precise market prediction.

It incorporates a SWOT analysis of the market.

It highlights various restraints to market growth and suggests strategies to overcome them.

It showcases the various strategies adopted by key market players to acquire growth.

It highlights the latest industry developments.

#### Market Definition:

API Intermediates has been developed in the current years. They are purely an expansion of technology meant to help enhance the diagnosis of ailments. The API Intermediates are known to be accompanied by computer-aided auscultation programs or software that aid in the recording and visualizing the sounds for accurate and early diagnosis of the disease condition.
