Odoo ERP Management Software

The graphic features the Tntra logo and a central illustration of people interacting with a large Odoo ERP interface. Below this is a circular diagram representing the 'Odoo ERP Management Software' suite. The center of the circle contains the Odoo logo and the text 'ALL-IN-ONE ERP MANAGEMENT SOFTWARE'. Surrounding this center are ten segments, each with an icon and a label: Finance & Accounting (bank icon), Human Resources (person icon), Access Control (lock icon), Project Management (chart icon), Customer Relations (person with puzzle piece icon), Data Services (database icon), Logistics (gear icon), Procurement (shopping cart icon), Payroll (hand with coin icon), and Finance & Accounting (bank icon).

Tntra will provide the following services in Odoo ERP - Customization, Configuration and Functional Training and Support. The company will be looking to cut down business process management costs for enterprises. It will achieve this by focusing on configuration. For customizations, the company will ensure that it doesn't break any existing ERP workflow or principles for the enterprise.

Ultimately, enterprises, SMEs, and startups will benefit by getting automated, cost-effective, and efficient Odoo process management solutions. Tntra is currently partnering with a client to customize Odoo. Vendor mapping is a significant part of this implementation. It includes independent integration on the vendor level.

Along with Vendor Mapping, Tntra also offers experience in accounting module deployment. The company is working towards transforming the ERP landscape through Odoo. It is one of the leading companies with a product engineering and innovation ecosystem to implement Odoo. Tntra aims to transform business processes through Odoo and provide a simpler way to manage the enterprise.
