

# Major Graphene Commercialization Conference

*The Graphene Council is hosting a major conference on graphene commercial use and application featuring leading graphene producers and application developers.*

NEW BERN, NORTH CAROLINA, UNITED STATES, September 14, 2022

/EINPresswire.com/ -- The [Graphene](#) Council is a global trade and professional body that connects more than 30,000 [advanced materials](#) professionals world wide. On 10 October 2022 leading graphene experts, producers and users will meet in Pittsburgh, PA to network and build commercial partnerships, discuss real world graphene applications and share market intelligence. Now is the time to make your plans to attend the in-person only, Graphene Commercialization [Conference](#).

“

The best opportunity to meeting leading graphene producers and experts to network and develop real world applications.”

*Terrance Barkan*

The graphic features a dark blue and brown hexagonal background. At the top, the text "The Graphene Council" and "Commercialization Conference" is displayed in white. Below that, the date "10 October 2022 | Pittsburgh, PA USA" is shown. A quote "The best in-person networking meeting 100% focused on graphene commercialization" is in the center. At the bottom, the text "SUPPORTING ORGANIZATIONS" is followed by logos for LEVIDIAN, GENERAL GRAPHENE, Integrated Graphene, Versarien PLC, and VIBRANTZ TECHNOLOGIES. The text "Graphene Commercialization Conference" is at the bottom right.

## Who should attend?

Industry based Advanced Materials Researchers  
Directors of R&D and Application Development Teams  
Companies and Financial Groups investing in the advanced materials sector  
Leading Graphene Producers  
Advanced 2D Materials Experts (covering standards, testing and regulatory issues)

## Which Industries are Represented?

Transportation - Road, Rail and Aerospace  
Chemicals, Plastics and Composites  
Building Materials, Concrete and Cement  
Energy Storage  
Electronics, Sensors and Devices

Textiles and Consumer Goods  
Coatings and Films

Join your peers in Pittsburgh, PA on 10 October 2022 where we will having leading experts share insights and intelligence:

- Graphene Market Conditions - production and demand trends
- Graphene Applications - examples of how graphene is used today
- The current state of standards and regulation in the US and EU
- Customer's perspective - how to develop graphene applications
- How to use graphene to achieve Sustainability & NET-ZERO

Hosted by The Graphene Council, the largest independent community in the world for advanced materials professionals.

No hype, just facts . . .
