EINPresswire.com/ -- [Chip Tudor](#) is an author, blogger, professional writer and pastor all rolled into one. And they all contribute to his latest detective novel, [Finding Grace](#), which is available on Amazon in e-book and paperback formats.

"My goal as an author is to write engaging stories with a strong, Christian message," says Tudor.

In *Finding Grace*, Jack Sterling is hired to find Grace Miller, a freshman at the University of Dayton who is missing. Her trail follows a descending path of degradation. And Jack, a new Christ-follower, must investigate with his faith intact.

Can he find Grace and if so, in what condition? Will he maintain his Christian integrity as he navigates a labyrinth of immorality? And finally, will he ultimately discover the meaning of experiencing freedom through God's grace?

In a second storyline that began in [Soul Pursuit](#), Jack seeks to expose Paxco, LLC. A mysterious company buying all the property in his east Dayton neighborhood. Who owns it and what are they up to? The answer poses a greater threat than to just his neighborhood.

"The conversational writing style in *Finding Grace* fits well in a first-person narrative story," says
