USA, September 15, 2022

/EINPresswire.com/ -- Jacob Nicotra is a seasoned Web Developer and Entrepreneur. He is the founder and CEO of Jacob Nicotra Web Development. Billion Success Media approached him and asked him to share his life experiences as a tech entrepreneur.

Billion Success Media, a support system for new entrepreneurs, self-employed freelancers, and self-published authors, is always interested in sharing the journey of young entrepreneurs and providing them with a number of online services to grow their new businesses. Mr. Jacob Nicotra is a perfect candidate to be featured on [www.BillionSuccess.com](http://www.BillionSuccess.com) as part of their series featuring leaders in the tech industry.

Jacob Nicotra, CEO of Jacob Nicotra Web Development, Shares His Life Experiences and Future Plans With BillionSuccess Media

In his interview on BillionSuccess Media, Jacob Nicotra shared his thoughts on a wide variety of subjects. He offered advice and tips to budding tech entrepreneurs, including his plans for the future:

"My plan to grow Jacob Nicotra Web Development is to continue to deliver exemplary work to clients with an emphasis on quality over quantity. With an increasing base of satisfied clients, my next step would be to expand my team in order to take on more projects at once, while maintaining the same level of focus and polish that sets my company apart."

He also shared how the pandemic and lockdown affected him or his new business: "My company was started amid the pandemic, so no real adaptation was needed. I started remote and remain remote, with no plans to acquire physical office space in the near future. For newer companies like mine, this has been a benefit. It allows me to operate with a very low overhead cost while competing with well-established web development services."

### About Jacob Nicotra

Jacob Nicotra is the founder and CEO of Jacob Nicotra Web Development. He comes from a family of entrepreneurs and has always been interested in business and technology. After spending decades in the web development industry, he decided to found his own premiere web development company, The Jacob Nicotra Web Development. The company specializes in custom web development, eCommerce solutions, and WordPress design and development. Jacob Nicotra possesses a strong background in STEM, and biochemistry, and after spending thousands of clinical hours he decided to redirect his career as a software engineer in 2021.

There are 4 full stack web applications on Jacob Nicotra's portfolio. He recently launched an online web development business that is focused on building websites for small businesses in a much more affordable and convenient way. Currently, Jacob is working on developing an estimation tool for a painting and construction company. The tool aims to support a streamlined estimate process and help generate new business avenues and increased revenue.
