TORONTO, ONTARIO, CANADA,
September 16, 2022 /

EINPresswire.com/ -- According to a report from Insider.com, "there are more infectious diseases popping up these days, polio, monkeypox, Marburg virus, and other infectious diseases are surging around the globe. Experts say there's not one thing driving the surge — a multi-layered perfect storm has been brewing for some time." Astute founder of [Infection Shield Consulting Inc.](#), [Dr. Kamyab Ghatan](#), and his outstanding team, have the answer to the problem of [infection prevention](#) and control.

Infection Shield Consulting Inc.'s well-trained professionals focus on creating sustainable infection prevention and control programs in long-term care, retirement, and congregate settings. "Currently, due to limited number of infection prevention and control professionals, there is a significant gap in these settings. I've been successfully training and guiding new IPAC professionals to gain basic,
