

Lafayette's Leading Nurse Entrepreneur Release Her New Book

Nurse Entrepreneurs Release New Book with Goal to Empower and Impact Healthcare Professionals Throughout the Country

LAFAYETTE, LA, UNITED STATES,
September 19, 2022 /

EINPresswire.com/ -- Delana Newcoste Charles, RN, along with her mentor, Veronica Southerland, FNP-BC, and 17 other nurses announce their newest project [A Nurse's Journey To Entrepreneurship](#). Charles is the owner of Lafayette's own [De'Lane of Beauty & Wellness](#).

This book is a culmination of decades of work within the nursing industry – from growing up with dreams of nursing to overcoming adversities such as racial disparities, teen pregnancies, and language barriers to see their childhood dreams become a reality. This book will be available for purchase starting September 25, 2022, On Vee The NP Day in Atlanta, Georgia.

In January of 2022, these 18 nurses joined Southerland, also known as Vee The NP, for a six-month intensive business builder program. Throughout this program, these nurses learned high-level business practices plus day-to-day growth tactics. They each are now healthcare business owners in states across the country.

“Creating a business-focused mentorship program for nurses is easy for me, almost a no-brainer,” Southerland said. “I’m a serial entrepreneur with quite a few successful businesses in my portfolio. But to me, that doesn’t mean much if I’m not teaching my fellow nurses who want options in addition to their bedside role. I’ve learned A LOT of lessons in my decades of being in business. My calling is to pour out all I’ve learned.”

“This mentorship program, this book, opening my business, and everything I’ve learned in the process has been the greatest reward for me this year,” Charles said. “Nurses know we do not

often find times for our own self-development. But I decided it was time for me to learn how to develop myself so I could better serve my home. Now, I get to share inspiration from my 18 other sisters in nursing with my home.”

A Nurse’s Journey To Entrepreneurship launch serves as a pinnacle for these nursing professionals. Each of them wrote their own story and allowed it to be woven into the fabric of the story of nurse entrepreneurship.

These nurses will convene on Atlanta September 23-25, 2022. September 23, they will present to the Health Occupations Students of America program at South Atlanta High School. Community service projects will be hosted Saturday.
