

Food Truck Menu Launches New Service & Website

Food Truck Menu, the premier online menu solution for food truck business owners.

LAS VEGAS, NEVADA, UNITED STATES, September 16, 2022 / EINPresswire.com/ -- [Food Truck Menu](https://www.foodtruckmenu.net), offering an easy-to-use tool to publish and update a food truck company's [food truck online menu](https://www.foodtruckmenu.net), is thrilled to announce the launch of its new service and company website, [foodtruckmenu.net](https://www.foodtruckmenu.net). The service gives food truck company owners the ability to change their food/drink menu directly from their smartphone at any time. When a menu item runs out on a busy day, which happens a lot in the food truck business, the owner can take it off the menu in seconds right from their smartphone. The service also includes a custom customer facing QR Code, giving customers immediate access the company's menu using a smartphone. The QR Code is installed on the company's food truck by the order window. Customers waiting inline access the menu while waiting to order by scanning the QR Code with their smartphone. When the time comes to order customers know what they want and place their order when it's their turn. With Food Truck Menu's online menu service, food truck company's customer experience is greatly improved.
