“

We have met the USA team players & management around the world & admired their equipment. We found ORCA Golf to be professional, very helpful and they made some beautiful bags for many other people.”

General Manager Olli Palkamo

WAGC Team Finland General Manager Olli Palkamo said " We have met the USA team players and management around the world and admired their equipment. We were in contact with Jim Smith of the USA team and he connected us with ORCA Golf and since then we have cooperated. We found ORCA Golf to be professional and very helpful and they made some beautiful bags for many other people. We are so happy that they worked so hard even though we did not have a lot of time and the names of the players were not ready. We are excited for our new bags”

"I was humbled when I received the communication from Team Finland's executives asking us to provide their bags. What was more humbling is that they saw our bags - they did not care that we are women." Erica Bennett, Designer & Founder of ORCA Golf
