

Asia-Pacific Fish Oil Market Size, Trend, Business Opportunities, Challenges, Drivers and Restraint Research Report 2020

Asia-Pacific Fish Oil Market is expected to garner \$1.5 Billion by 2020, registering a CAGR of 5% during the period 2015-2020.

PORTLAND, OREGON, UNITED STATES,
September 17, 2022 /

EINPresswire.com/ -- Presently, aquaculture application segment accounts for about 2/3rd of the Asia Pacific fish oil market revenue. China would continue to consolidate its leading position due to a high concentration of the aquaculture industry.

Aquaculture application segment consumes about 5/7th of the APAC fish oil market. More than 80% of the fish oil is consumed by the aquaculture industry in China, and similar trend is observed across Vietnam and Indonesia as well. Supplements & functional food forms the second largest fish oil consumer segment and would emerge as one of the fastest growing segments over the forecast period. Japan held 2/3rd of the fish oil consumed in supplement and functional food application market. A significant rise in health concerns among Japans geriatric population, fuels a demand of nutritional and pharmaceutical grade fish oil in Asia Pacific region.
