

National Diaper Bank Network Announces \$100,000 Gift from the Steven & Alexandra Cohen Foundation

A Gift Honoring Moms Leads to Purchase and Distribution of Nearly 1.7 Million Diapers for Families in Need

NEW HAVEN , CONNECTICUT , UNITED STATES , September 22, 2022 /EINPresswire.com/ -- The [National Diaper Bank Network](#) (NDBN) has announced that a \$100,000 gift bestowed in recognition of Mother's Day 2022 from the [Steven & Alexandra Cohen Foundation](#) has enabled the purchase and distribution of nearly 1.7 million diapers to support children and families across the United States.

One in three families with young children nationwide cannot afford an adequate supply of diapers, a deficit that puts babies' health at risk and often cuts off access to essential child care, which can cause adults to miss paid workdays.* This public health issue is at the center of [National Diaper Need Awareness Week](#), which runs from September 24 to October 2, 2022.

1 in 3 U.S. families with young children struggle to afford clean diapers for their baby. A grant by the Steven & Alexandra Cohen Foundation has enabled the purchase and distribution of nearly 1.7 million diapers to support children and families.

“

Diapers are a basic necessity that every parent wants to provide for their child.”

“We are thrilled to have received the \$100,000 gift from the Steven & Alexandra Cohen Foundation. Every mom, and dad, wants to keep their children clean, dry, and healthy – but far too many lack the resources to do that,” said NDBN CEO Joanne Goldblum. “This gift is supporting families’ well-being and helping to fulfill a critical need for children by funding diaper purchases and distribution efforts nationwide.”

“Diapers are a basic necessity that every parent wants to provide for their child,” said Steven & Alexandra Cohen Foundation President Alexandra Cohen. “We are pleased to support NDBN and aide diaper distribution for families in need.”

The gift is specifically funding diaper purchases for 30 NDBN member organizations that participated in an ongoing study to chart the economic impact of providing families with free diapers. Those organizations are:
