Background:

After months of debate and uncertainty, the U.S. Congress passed the "EB-5 Reform and Integrity

Act of 2022” in March 2022, as part of the overall U.S. Omnibus Spending Bill. This act has extended the EB-5 Regional Center program through September 30, 2027, with significant changes that will impact existing and future investors. Most notably, the minimum EB-5 investment amount is \$800,000 for Targeted Employment Areas and Rural Areas and \$1.05M for Non-Targeted Employment Areas for both regional center and direct EB-5 investments.

The EB-5 application Form I-526 and I-485 (Adjustment of Status) for a Green Card may be filed concurrently if the applicant is legally present in the USA. EB-5 Reform and Integrity Act of 2021 saves a few months to years on getting the EB-5 Green Card, if the applicant is present in the USA. EB-5 Reauthorization was passed in March 2022 for the EB-5 Program to be valid till March 2027.
