Based on component, the market can be divided into:

- Ground Controller
- Data Link
- Onboard Controller

Regions:

- North America
- Latin America
- Europe
- The Middle East
- Africa
- The Asia Pacific

Market Trends

Manufacturers are increasingly focusing on the production of advanced drone technologies in response to rising consumer and industry demand. Drones have changed in size, shape, and functionality as a result of the development of innovative technologies and sensors.

Drone applications in agriculture, defence, and logistics are all contributing to the development of advanced sensor solutions. Increased R&D spending would result in the development of self-driving drones.

Key Market Players

The major players in the market are Northrop Grumman Corporation [NYSE: NOC], AeroVironment, Inc., Elbit Systems Ltd., Parrot Drones SAS, DJI [iFlight Technology Company Limited] and Others. The report covers the market shares, capacities, plant turnarounds, expansions, investments and mergers and acquisitions, among other latest developments of

these market players.
