

# Guy Evans Shares His Love for Science Fiction and Fantasy through His Second Book, "The Sirens of Gallions Reach."

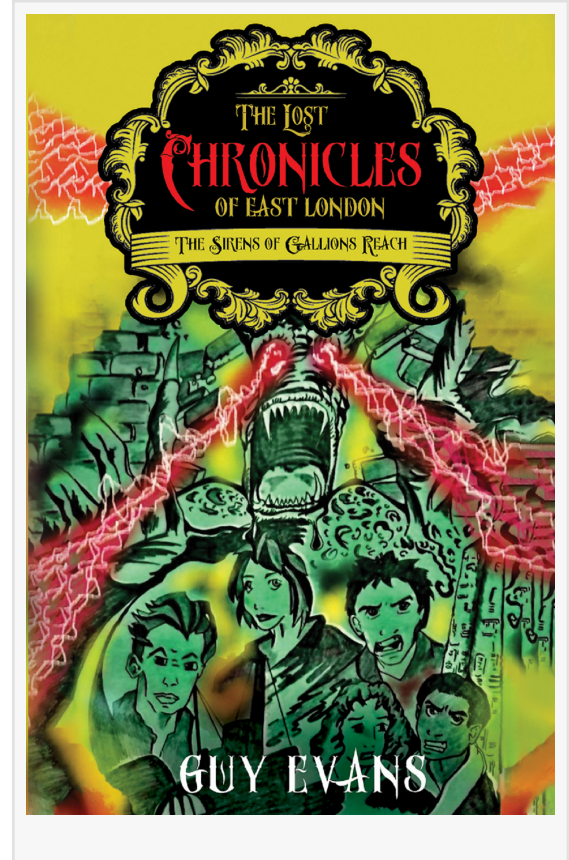

TOMAH, WISCONSIN, USA, September 20, 2022

/EINPresswire.com/ -- From the enchanted stories you've heard, to the fictional books you've read, to the sci-fi movies you've watched, magic is a part of your life. Guy Evans wants his readers to experience the past and present locations, landmarks, and history of the city of London combined with magic and adventure through his book, "The Lost Chronicles of East London: The Sirens of Gallions Reach." This book depicts London as the world's greatest city. A bustling and exciting metropolis embracing people of all walks of life. A place where the past and the present meet and where the past refuses to lie down and die. A past that won't stay buried, wanting to gain a foothold in our present and to rule our future. Also, this book tells the dangerous and terrifying adventure of Joe Druitt and his friends Edward Eddows and Florence Kelly as they uncover the terrible truth about the ancient stone monolith on the banks of the world's most famous river, and the connection between it and the tragedy of the paddle steamer, The Princess Alice, over a hundred years ago. And if that wasn't enough for them, the teens are pursued by a sinister stranger and his faceless wax men.

Growing up in East London in the 1980's with the creative toys boom of Transformers, He-Man and the Thundercats, and having a rich and fantastic childhood full of wonderful characters and books were Guy Evans's inspirations for writing this book. His love for science fiction and fantasy, and that which is unreal and could be made real, drive him to create such a masterpiece.
