

Prostate Cancer Foundation Hamptons Gala Ends Season in Style with Music by Daryl Hall & John Oates & ABBA–The Concert

NEW YORK, NY, UNITED STATES OF AMERICA, September 20, 2022 /EINPresswire.com/ -- The Prostate Cancer Foundation (PCF) 22nd Annual Gala in the Hamptons took place at the Parrish Art Museum in Water Mill, NY. The summer benefit supported the Annual PCF Pro-Am Tennis Tournament and celebrated the millions raised and achievements made in the past 29 years through PCF. Founder Michael Milken and The Gala in the Hamptons weekend hosts and sponsors welcomed guests to enjoy, engage and be entertained while helping to fund groundbreaking discoveries in cancer research.

The gala began with a lively cocktail reception as distinguished guests and athletes entered the breathtaking Parrish Art Museum terrace – which is celebrating its 10th year at its new location. Total Sponsorships and ticket

sales were valued at \$1.3 million. In addition to this, the live auction was swift, raising more than \$6.5 million for the Foundation's work of which the auction lots included a 4-day Home Run Challenge MLB package, 2 VIP access packages to the 2023 Billboard Music Awards in Las Vegas and closing out the night with the auction of a 2023 Fisker Ocean 1 SUV – not yet available to the public and one of only 5,000 to be produced globally. As the Owner of the Fisker Company described their extraordinary new vehicle, "All of our products must have four things that are either original – or better than anyone else in the marketplace".

The lavish dinner party gave way to special musical performances from multi-award-winning

About the Prostate Cancer Foundation (PCF):

The Prostate Cancer Foundation (PCF) is the world's leading philanthropic organization dedicated to funding life-saving cancer research. Founded in 1993 by Mike Milken, PCF has funded nearly \$800 million of cutting-edge research by 2,200 scientists at 220 leading cancer centers in 22 countries around the world. Because of PCF's commitment to ending death and suffering from prostate cancer, the death rate is down more than 52% and 1.5 million men are alive today as a result. PCF research now impacts 70 forms of human cancer by focusing on immunotherapy, the microbiome, and food as medicine. For more information, visit www.pcf.org.
