

# Indian Feed Additives Market Size, Share, Analysis and Forecast 2022-2027

SHERIDAN, WY, UNITED STATES,  
September 21, 2022 /

EINPresswire.com/ -- The IMARC Group provides extensive analysis of the Indian feed additives industry covering the market trends, investment opportunities, growth trends, statistics, and industry prospects. The report offers a comprehensive analysis of the industry, which comprises insights on Indian feed additives market size, share, trends, analysis, growth, demand, statistics, and overview. The report also includes competitor and regional analysis, and contemporary advancements in the global market.

Indian feed additives market Overview:

The Indian feed additives market is expected to exhibit a [CAGR of 12.3%](#) during 2022-2027. Feed additives are a type of dietary supplement that is largely used in animal nutrition to improve the quality of the feed. They consist of vitamins, minerals, and other essential nutrients required for ensuring optimum animal health and disease prevention. Nutritional, coccidiostats, sensory, and zootechnical are the types of additives primarily administered to the animal feed.

Indian Feed Additives Market Trends:

The increasing livestock population and growing consciousness regarding animal health and wellness are two primes factors driving the feed additives market growth in India. Additionally, the country is one of the largest producers of milk, eggs, broilers, and fish, which is significantly increasing the demand for feed additives, thereby driving the market growth further. Apart from

this, the shifting focus on improving yields, rising emphasis on livestock disease prevention, and increasing meat exports are providing an impetus to the market growth. Other factors, such as the growing meat consumption and increasing cases of livestock diseases, are creating a positive outlook for the market in India.

Note: We are regularly tracking the direct effect of COVID-19 on the market, along with the indirect influence of associated industries. These observations will be integrated into the report

Report Scope of Indian Feed Additives Market:
