NASHVILLE, TN, UNITED STATES, September 29, 2022 / EINPresswire.com/ -- NashTown Entertainment, an award-winning Independent Music Management Company, has reached an exclusive partnership with [Tony Alan Bates](#). Tony is widely known throughout the Christian music industry for his diverse musical approach. He has scored 8 National Hit Songs in both the Faith-

Based Country and Southern Gospel communities. Tony is a highly sought-after recording artist and conference speaker, but perhaps Tony is best known for being the guy born with no fingers who can flat wear out a piano. His No Fingers, No Problem story and his unique Country music overtones is a perfect addition to any event, Christian or secular.

"I've been praying for an experienced team to handle all of my social media, radio, and promotional needs and I feel like NashTown Entertainment is a perfect fit. I'm very honored and excited and I'm looking forward to seeing how God will use this partnership to expand His Kingdom!" stated Tony.

Born in Portsmouth Ohio, Tony came into this world permanently disabled with stubs for fingers and his lower extremities turned in the opposite direction of his upper body. Despite the doctors' prognosis that he would spend his life in a wheelchair, Tony would overcome the odds because God had greater plans for his life thanks to

his mother's unwavering faith in God and his tenacity. His legs and feet were surgically broken, then turned around to face the proper way. Tony frequently stumbled and fell while learning to walk wearing a walking cast that reached to his hips, but giving up was not an option. Then it happened: one day his mother helped him stand up to walk, and he did so by taking one step, then another, and another. The doctors moved him from the walking cast to a pair of shoes with a bar between his feet because he became so adept at walking in it. Even though the deck was stacked against him, and he would have to work 100 times more than everyone else, Tony suddenly started to become interested in sports. He would still be familiar with the sensation of sacking the quarterback on a football team, hitting a homerun in baseball, and later even being scouted by the Detroit Tigers. After being motivated by his friend Kevin Pistol, an incredible pianist who, like Tony, was born with a deformed thumb, Tony prayed for the ability to play the piano. "I prayed, God if you can bless me with his deformed thumb, then I would like to be a blessing to others with all my stubs." States Tony. By the next week Tony was playing the piano.
