

# B. McGuire Designs Launches Award-Winning Website for Wolf Bay Watershed Watch

*Local environmental citizens' action group gets an updated, mobile-friendly online presence*

ATLANTA, GA, USA, September 22, 2022 /EINPresswire.com/ -- Atlanta web design firm, B. McGuire Designs, has recently completed and launched a new online presence for Wolf Bay Watershed Watch in Baldwin County, Alabama.

Our highest award is if a client feels that we have exceeded their expectations. While we focus on creating a website that meets their needs, it is gratifying to be recognized by our industry peers"

The [new website](#) for Wolf Bay Watershed Watch provides an engaging new design along with online membership and event management. The new design also provides a fully responsive experience to allow visitors to engage with the organization on mobile devices. Online payment and membership management was added to eliminate previously used paper forms and reduce administrative burden on the organization's volunteer staff. "We enjoyed providing a modern makeover for this organization's website and going beyond design to dramatically improve

both the visitor experience with fully online membership management while reducing the work that staff must do. The client is thrilled." said Brian McGuire, founder of B. McGuire Designs.

Awards for Best User Interface, Best User Experience were awarded to this design along with special kudos from a global panel of judges by CSS Design Awards. The unique features of the website to improve the user experience and convey the water-quality mission of the organization combined to merit these recognitions. "Our highest award is if a client feels that we have exceeded their expectations. While we focus on creating a website that meets their needs, it is gratifying to be recognized by our industry peers," said McGuire about the awards.
