KAWASAKI, KANGAWA, JAPAN, September 23, 2022 /EINPresswire.com/ -- Do you have what it takes to be a champion and blow away the competition? Musical whistlers from all over will meet in Japan at the World Whistlers Convention (WWC) to find out if they have the chops to be a champion whistler. Additionally, this year's event is produced for the first time in partnership with the three major international musical whistling organizations to promote the unsung artistry, power, and beauty of musical whistling on a global scale.

The whistling convention will commence on October 6th at the Kawasaki City International Center Event Hall with their first hybrid event, a concert that includes live and online performances, and enables access to music enthusiasts around the world. The festivities also include a hybrid symposium and a live three-day musical whistling competition to spotlight some of the most accomplished classical and pop whistlers in the world, and ultimately crown the best.
