

Plant Protein Market Worth \$7,964 Million by 2027 At A Growth Rate of 5.4% - IndustryARC

Allergies To Plant Protein Meals Are One Of The Factors That May Stymie The Growth Of The Plant Protein Market.

HYDERABAD, TELANGANA, INDIA, September 23, 2022 / EINPresswire.com/ -- IndustryARC, in its latest report, predicts that The [Plant Protein Market](#) size is estimated to reach \$7,964 million by 2026, growing at a CAGR of 5.4% over 2021-2026.

Plant proteins, particularly globulins, have traditionally been sourced mostly from grain and legume seeds, which are high in protein. Essential amino acids, vegan protein, Soy Protein Isolate, and hydrolyzed wheat protein are all part of this group. Plant-based diets have been shown in studies to help prevent obesity, stroke, and heart disease, reduce cholesterol and arthritis pain, lower blood sugar, and boost energy and mental clarity. The report offers a complete analysis of the market, its major segments, growth factors, trends, drivers and challengers, key players and more.

Segmental Analysis :

1. Rising consumer demand for allergen-free products can be attributed to pea protein demand. As a result, more people are opting for pea protein, as pea allergies affect just a small percentage of the world's population. As a result, pea protein makers have a significant opportunity in the allergen-free market.

2. The Plant Protein Market based on the application can be further segmented into Food, Beverages, Animal Feed, and Others. The food segment registers for the highest Plant Protein market share in 2020 as plant protein is widely used in food goods.

3. North America dominated the Plant Protein Market with a major share of 47.6% in 2020. Owing to the constantly growing popularity of veganism in established markets in North America, plant-based proteins are in high demand. These locations also contain the most manufacturers of plant-based proteins in the world.

Competitive Landscape :

The top 5 players in the Plant Protein Industry are -

1. Archer Daniels Midland Company (ADM)

2. Wilmar International

3. Cosucra Groupe

4. Emsland Group

5. Cargill
