

FireProtectionTanks.com Sees Massive Interest in Water Storage Tanks

Wildfires across California, Oregon, Washington, and Utah are increasing the

demand for water storage solutions.

LOS ANGELES, CALIFORNIA, UNITED STATES, September 27, 2022

/EINPresswire.com/ --

[FireProtectionTanks.com](https://www.fireprotectiontanks.com) announced today a massive increase in the number of homeowners and business owners in the Western United States looking for quality [Fire Protection Tanks](https://www.fireprotectiontanks.com) in sizes from 5,000 gallons to as much as 6 million gallons.

According to the NIFC – National Interagency Fire Center, there have already been 51,606 fires in the U.S., burning 6,815,741 acres. Unfortunately, these fires are not a respecter of persons, cities, counties, national forests, historical landmarks, or thriving tourist towns. Instead, a wildfire can consume everything in its path. This devastation is why many families and businesses are looking for water storage solutions.

Fire Protection Tanks currently serves all of California, Oregon, Washington, Idaho, Nevada, Utah, and Colorado. With over 30 varieties of

Fire protection tanks to 6-million gallons

Do You Have Enough Water Sored For This?
