Key Highlights of Report

In February 2020, Arrow Solutions LLC was acquired by Alaya Care Inc. The deal would expand and strengthen Alaya Care's product capabilities in the diverse and highly regulated health care landscape

The post-hospital applications segment is expected to lead the market, expanding at a CAGR of 40.3% during the forecast period, which is attributable to benefits of post-hospital applications

such as expense reduction, error prevention, enhanced patient outcomes, preventive care, and efficient medication management.

The trauma segment is expected to lead the market during the forecast period. Surge in the number of roadway accidents in developing nations and rising need for post-hospital treatments are estimated to promote growth of this segment during the forecast period.

Emergen Research has segmented the global urgent care apps market on the basis of type, clinical area, deployment, usage, and region.

Type Outlook (Revenue, USD Million; 2017–2027)

Collaboration Apps & In-hospital Communication
