The key highlights of the report include:

Market Overview (2016-2026)

Historical Market Size (2020): USD 95 Million

Forecast CAGR (2021-2026): 10%

Forecast Market Size (2026): USD 170 Million

The market for eggshell membrane derivatives is driven by the growing popularity of the product for healthier and sustainable solutions for dietary supplements in the recent years. The growing

health issues and diseases among the population due to global warming, climatic change, excessive work, and busy lifestyle have led to the adoption of healthier food supplements like eggshell membrane derivatives.

The extensive application of eggshell membrane derivatives in the food supplements, dietary products, and baby food and baby products are augmenting the demand for the product; as a result, aiding the market growth.

Industry Definition and Major Segments

Eggshell membrane derivatives refer to the derivatives achieved from the bi-layered wall membrane among egg white and eggshell. These derivatives are replete with osteopontin, sialoprotein, and collagen. They have exhibited great biocompatibility and have shown satisfactory results as a natural dressing for burns. These derivatives are characterised by the anti-inflammatory, anti-bacterial, wound healing, and wrinkles fighting properties.

Based on form, the market is segmented into:

- Powdered
- Concentrated
- Others

Based on type, the industry can be bifurcated into:

- Hydrolysed
- Unhydrolysed

By application, the industry is categorised into:

- Nutraceuticals
- Food and Beverage
- Pet Food
- Cosmetics and Personal Care
- Others

The regional markets can be divided into:

- North America
- Europe

Asia Pacific
Latin America
Middle East and Africa

Market Trends

North America enjoys the bigger market share among other regions, with strong presence in Europe and Asia Pacific. In North America, consumers are becoming more conscious of the food items they eat and are more aware of their wellbeing than in other regions. Consumers in the region are seeking healthier and nutritious food supplements to boost the global market for egg membrane derivatives.

Europe and the Asia Pacific region are both major markets for eggshell membrane derivatives. In particular, Asia Pacific is witnessing increasing consumer health consciousness and is the fastest growing region in the world. The region also holds a major market growth potential in the coming years.

Key Market Players

The major players in the market are Biova LLC, Kewpie Corporation, NOW Health Group, Inc., Mitushi Biopharma, and Ecovatec Solutions Inc., among others.

The report covers the market shares, capacities, plant turnarounds, expansions, investments and mergers and acquisitions, among other latest developments of these market players.
