**FIND THE SECRET AND JOY OF FALLING
IN LOVE WITH YOUR PARTNER
EVERYDAY**

With day-by-day stressors of life most people will fall out of love with their partner. But once you learn these tips you will fall in love with your partner day after day and be so full of gratitude for this other person.

**CONQUER YOUR STRESS AND
CONQUER YOUR LIFE**

Stress affects every area of your life and your health and that impacts everyone you are around. Learn to manage your stress and you will fill your days with joy and calm and peace and love living life.

Find your rhythm—it is uniquely yours. You are writing your song, composing your symphony, and choreographing your dance. Celebrate, share, and enjoy.”

MEET SUMMIT HOST - DEBBIE PAGE

Debbie has journeyed through raising three children who know how to laugh and enjoy life. Now she takes great delight in her six grandchildren and finds herself fully immersed in looking at the world through the eyes of toddlers.

For 45 years, as a registered nurse and lactation consultant, she worked intimately with moms on their journey to breastfeed their babies. Running mother-baby groups twice weekly grew her understanding of moms and babies tremendously as she fell in love with watching the babies grow physically and the moms grow emotionally. She has taught breastfeeding classes, baby-wearing, and infant massage to hundreds of mothers.

She is currently hosting and co-creating the Inspired Mom Summits to help Moms Get Beyond the Overwhelm and Fear and Create the Family, the Home, and the Fun They Crave. She wants moms to develop confidence, learn the art of calm, and be present with their family so they can Celebrate their Mama Moments.
