

LilyCraft Releases The Coltello Pizza Cutter

The Coltello Pizza Cutter took two years to design and is being hailed as the best pizza cutter in the world.

QUEENSLAND, AUSTRALIA , September 29, 2022 /EINPresswire.com/ -- The team behind [LilyCraft Pty Ltd](#) is pleased to announce the launch of its game-changing, high end [The Coltello Pizza Cutter](#).

Based in Australia, LilyCraft is an online retailer of the best handmade and personalized gifts for every special occasion. The company firmly believes in providing affordable, luxurious gifts without environmental compromise, and has a compelling desire to create one-of-a-kind crafted masterpieces with superior customer service - from start to finish.

In the company's most recent news, LilyCraft has launched one of its most anticipated products to date – The Coltello Pizza Cutter. The Coltello Pizza Cutter was created as a premium

cutter, one step above the company's already best-selling pizza cutter, to completely eliminate blade side-to-side wiggle. The product took two years to design – which speaks to the exceptional amount of dedication, time, and energy that was put into developing the (now) world's best pizza cutter.

"I know it's a bit of a stretch to call anything the best ever, yet I can confidently say that The Coltello Pizza Cutter is the world's best, most comfortable, and sharpest pizza cutter on the market," says founder of LilyCraft, Carl Thom. "No cutter feels as stable, comfortable, and sharp as the Coltello, as its edges are honed to perfection. Make sure to keep your fingers well clear,

as you're essentially cutting your pizza with a rotating razor blade!"

The Coltello Pizza Cutter boasts other features consumers are sure to love, including:

- Free personalization and wooden gift box
- Two blade options to choose from: Premium and Standard
- Handle made from Western Australian Desert Sandalwood
- CNC Milled 6061 T6 aluminum main body with sandblast finished and brushed and polished bolster
- Corrosion-free ceramic knife bearings
- And much more
