

WeDriveU to Support the University of Pennsylvania's On-Demand Campus Shuttles

PHILADELPHIA, PA, USA, September 29, 2022 /EINPresswire.com/ -- WeDriveU, a National Express company leading shuttle solutions for campuses, workplaces and [hospitals](#), has been selected by the University of Pennsylvania to support the Penn Transit Services and Parking team's on-demand transportation operation. Penn's program serves faculty, staff, students and guests from Penn, St. Joseph's University and the University of Pennsylvania Health System (UPHS).

WeDriveU is providing more than 40 full-time drivers for the University's fleet of vans and cutaway buses, in addition to a dedicated management team and maintenance assistants. The contract expands the initial agreement which began in 2021 when WeDriveU first began supplementing Penn Transit's services.

“

WeDriveU has demonstrated the ability to hire, train, and effectively manage a fully-staffed team of professional, safety certified drivers in an extremely competitive market...”

*Dr. Michael Bernhardt,
Director of Penn Transit
Services*

Penn's on-demand shuttles ease mobility by connecting the urban campus population to buildings and facilities, local services and public transit stops, including Southeastern Pennsylvania Transportation Authority (SEPTA) rail stations and subway and trolley services. The service complements Penn's wide range of commuter options, including discounted public transit passes, ridesharing services like vanpools, bike sharing, bike commuter options, and campus parking programs.

Dr. Michael Bernhardt, Director of Penn Transit Services, said: “WeDriveU has demonstrated the ability to hire, train, and effectively manage a fully-staffed team of professional, safety certified drivers in an extremely competitive market,

while developing creative mobility strategies to improve the campus experience.”

Tim Wayland, Chief Commercial Officer of WeDriveU, added: “WeDriveU is thrilled to help Penn Transit Services fulfill its commitment to providing safe, convenient, sustainable, and accessible transit to the Penn community.”
