

Rigid Recycled Plastic Market Research Report By Opportunities & Challenges in Near Future with Different Segments, 2029

Among the various end-user industries of recycled plastics market, the growth of the packaging industry is expected to be significant.

OREGON, PORTLAND, UNITED STATES,
September 30, 2022 /
EINPresswire.com/ -- North America is expected to lead the [rigid recycled plastic market](#), owing to surge in demand for recycled plastics in the U.S. and Canada, followed by Europe and Asia-Pacific.

Rigid Recycled Plastic Market

Among the various end-user industries of recycled plastics market, the growth of the packaging industry is expected to be significant. This is attributed to the fact that technological advancements such as green manufacturing process have made recycled plastics suitable for food applications, which resulted in increase in their usage in food & beverage packaging. Moreover, the automotive industry has increased the usage of recycled plastics in the manufacture of various parts and components. Furthermore, the electrical & electronics industry has been witnessing surge in usage of recycled plastics for making tablets, laptops, and mobile phones.
