

MED Marine Polyclinic in Salmiyah partners with Virtus Group for personalized precision oncology solutions in Kuwait

KUWAIT CITY, KUWAIT, October 2, 2022

/EINPresswire.com/ -- Med Marine Polyclinic in Mazaya Clinic - Salmiyah has announced its collaboration with [Virtus Group](#) to advance and offer innovative personalized precision oncology-based solutions in Kuwait. Virtus Group's international partner, Datar Cancer Genetics (UK) has been at the forefront in developing greater insight into the cancer ecosystem and offering its innovative products based on molecular and cell analysis to clinicians and patients globally.

"We are delighted to partner with Virtus Group to extend innovative genomic solutions to patients in Kuwait," said Dr. Vineet Datta, Executive Director, Datar Cancer Genetics.

LIFEOMICSdx partners with Med Marine Polyclinic

"Our passion and commitment to deliver personalized genomic-based cancer solutions for cancer screening, diagnosis, and management provides an unparalleled range of blood-based diagnostics for clinicians and patients".

"This partnership will focus on advancing the utility of cancer genomics amongst the clinical community across Kuwait. Data Cancer Genetics' non-invasive, blood-based genomic portfolio is a new paradigm in multi-cancer detection and will aid prioritization into standardized clinical pathways that could be of great benefit to clinicians and patients," said Dr. Ibrahim Al Abdulhadi, Executive Director, Virtus Health Partners.

"Through our LifeomicsDx platform in Kuwait and our partnership with Datar Cancer Genetics

(UK), we aspire to deliver a paradigm shift in oncology services in Kuwait and the region in the context of personalized and precision molecular diagnostics and provide patients and their doctors access to the most advanced tools."
