The popularity for PET Juice/Beverage Bottles has become clear over the past two years, due to the to-go cocktail products that restaurants offer, and the lightweight, non-breakable plastic PET material, making it safe for all consumers.

Bryan Hagan, National Sales Manager for Apex Plastics says, "a few of the advantages of our PET juice/beverage bottles is that they're shatter resistant, clear, bpa-free, and recyclable".

Our PET Juice/Beverage bottles come in 4 different sizes: 8oz, 16oz, 32oz and 59oz sizes. All the bottles have the same size opening and each bottle comes with a TE (Tamper Evident) cap attached to each bottle as it comes off the production line. No need to purchase other caps or worry about purchasing another inventory item. These bottles are in our stocking program and ready to ship. Minimum order quantity is 5 cases and you may mix/match the bottle sizes to get to 5 cases.
