LONDON, GREATER LONDON , UK,  
October 5, 2022 /EINPresswire.com/ --  
As per The Business Research Company's "Metal Recycling Equipment Global Market Report 2022", the metal recycling equipment

market is expected to grow from \$5.83 billion in 2021 to \$6.18 billion in 2022 at a compound annual growth rate (CAGR) of 6.08%. The growth in the market is mainly due to the companies' resuming their operations and adapting to the new normal while recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. The global metal recycling market size is expected to reach \$7.99 billion in 2026 at a CAGR of 6.62%. Increasing government regulations on waste management and recycling across the globe are driving the growth of the [metal recycling equipment industry](#).
