

# Femtech Global Market Estimated To Grow At 16% Rate

*The Global Femtech Market Report by The Business Research Company covers femtech market size, drivers, restraints, key players, and the impact of COVID-19.*

LONDON, GREATER LONDON, UK,  
October 5, 2022 /EINPresswire.com/ --  
As per

The Business Research Company's "Femtech Global Market Report 2022", the femtech market is

expected to grow from \$28.19 billion in 2021 to \$32.72 billion in 2022 at a compound annual growth rate (CAGR) of 16.09%. The growth in the market is mainly due to the companies' resuming their operations and adapting to the new normal while recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. The [global femtech market size](#) is expected to reach \$60.79 billion in 2026 at a CAGR of 16.622%. The rise of digital healthcare is expected to propel the growth of the femtech global market.
