

Contractors Can Now Double Their Revenue by Partnering with Contractor Clinic

Contractor Clinic serves as a front-end sales operation and is now guaranteeing homeowner appointments without shared leads

LAS VEGAS, NEVADA, UNITED STATES, October 4, 2022 /EINPresswire.com/ -- By using the power of digital advertising, Las Vegas-based [Contractor Clinic](#) is transforming the industry and helping contractors double their revenue by now guaranteeing homeowner appointments without shared leads.

What Contractor Clinic does is give contractors an entire front-end sales operation for less than the cost of a single in-house specialist.

"The central vision of Contractor Clinic is to create a world where contractors can spend more time with friends and family and worry less about marketing," said founder and CEO Jacob Drey. "Contractor Clinic does all of the hard work by generating homeowner leads, qualifying them to client expectations, and will even call to book them into appointments, leaving contractors only to come in, give the estimate and close the deal. With Contractor Clinic, contractors are relieved from shared-lead platforms."

Drey built the business from the ground up and, in nine months, Contractor Clinic went from one to 20 full-time team members and was earning more than seven figures. Contractor Clinic works with more than 150 clients and books more than \$1 million in jobs with homeowners by using Facebook ads. Contractor Clinic spends about \$2.7 million annually on Facebook ads.

Drey has been working in the digital industry since 2009. He is one of the few experts who can confidently claim to have worked as an agency consultant and social media manager for thousands of brands, both large and small. He has scaled Facebook ad campaigns and generated millions of dollars in sales.

Contractor Clinic has generated more than 35,000 leads and calls and has booked more than 23,000 appointments. The company currently has 175 active partners.

Contractors who become Contractor Clinic members get everything they need to start scaling

their businesses. Contractor Clinic offers three different pricing options depending on a business's goals.

Among the testimonials Contractor Clinic has received is one from business owner Quincy Barrett, who wrote, "I can actually say they have surpassed all of our expectations. We've had a 200 percent increase in leads and sales with our roofing division. So if you're out there looking for someone to help you and grow your business, Contractor Clinic is the route to go."

Another business owner wrote, "I joined the Clinic family and within my first week I closed two appointments and have closed several new jobs since. These guys are so good that I am completely booked out and had to ask them to slow down until I can hire a few more salesmen."
