

# Global Mentorship Initiative Launches French Mentorship Program

*Internationally recognized and educator-developed 14-week curriculum now available in French*

BELLEVUE, WA, UNITED STATES, October 4, 2022 /EINPresswire.com/ -- Following three years of extensive growth, [Global Mentorship Initiative \(GMI\)](#) has launched a fully French language mentorship program. In 2021, GMI university partners in West Africa requested that the program be made available in French to include students with limited English skills. After piloting with GMI students at Cheikh Anta Diop University (UCAD) in Dakar, Senegal, the program is now accepting students and mentors.

GMI aimerait prendre un moment pour mettre en lumière Khady ! » Elle a récemment terminé son mentorat GMI et sera diplômée de l'Université Cheikh Anta Diop en 2022 !

« GMI est pour moi un outil indispensable pour booster sa carrière professionnelle. Grâce à GMI, j'ai regagné confiance en moi et à mes capacités. GMI est un catalyseur positif pour tout diplômé. Ce programme sera et est la bienvenue à UCAD. Vu les réalités des enseignements dans nos universités, je pense que GMI sera d'une grande utilité pour mes confrères et consœurs. »

GMI French-Language Mentorship Program

“Our mission is to connect graduating college students with careers,” says GMI CEO and Founder Jon Browning. “With a strong and growing presence in Africa, the GMI program in French will allow us to reach thousands of students who would have been otherwise excluded.”

“

GMI is essential for any graduating student and I'm happy the program will now be available to all my classmates.”

*Khady Ndiaye, Cheikh Anta Diop University*

French-speaking students are currently enrolled from GMI university partners in Senegal, Benin, and Togo, and GMI will make the mentorship program available globally later this year. French-speaking mentors will come from multinational companies including Microsoft, Orange, Teleperformance, and Webhelp.

GMI is personally engaged with each mentorship to ensure a consistent quality experience for the student and

mentor. We have been thrilled by the response since we announced the French program a few months ago,” says Director of Strategic Partnerships and French Program Coordinator Ravenna

Hennane, based in France. "With many barriers to overcome, this helps to open the door for entire countries to connect their students with quality mentorship and training."
