About Soji Health

Soji Health is determined to pave the way for you to experience the many life-changing benefits of Broad Spectrum Hemp CBD, in all areas of your day to day. Our unique nano-liposomal delivery system provides up to 6x higher and immediate bioavailability than our competitors.

Soji Health crafts all products with Broad Spectrum Hemp CBD that contains cannabinoids, as well as many beautiful botanicals, essential vitamins and minerals, fatty acids, fiber, flavonoids, and terpenes. The result is a wide-ranging collection of products aimed to soothe your skin, nourish your body and nurture your well-being.

Unlike many competitors, we triple test each batch of Soji Health products with in-house and independent third-party labs to ensure accurate and consistent milligram count. We also provide full copies of our Certificates of Analysis on our website.

Soji Health's full collection of prestige CBD products consists of a full skin care regimen, several flavors of gummies, sublingual oils and we even have something for our favorite furry family members.

Soji Health products contain a total delta-9 tetrahydrocannabinol concentration that does not exceed 0.30% on a dry-weight basis. The statements made regarding these products have not been evaluated by the Food and Drug Administration. The efficacy of these products has not been confirmed by FDA-approved research. These products are not intended to diagnose, treat, cure, or prevent any disease.
