Since 2014, the popularity of recreational vehicle (RVs) was increasing among the campers for the purpose of the accommodation during the camping. The offerings innovative, cheap, portable, light weighted, and sustainable accommodation options such as camping tent has impacted the use of RVs negatively in the past couple of years. In addition, camping tent is affordable and adventurous as compared to the RVs, which is enticing campers to purchase

innovative tents for camping purpose. Manufacturers focus on meeting Camping Equipment Market Demand from Indian and Chinese campers according to their environmental needs and camping requirements. Asia-Pacific is expected to offer huge Camping Equipment Market Demand opportunity to tap the camping equipment market in the region. However, increase in interest of campers for novel tents supports the global growth of the camping equipment market.

However, counterfeiting of camping equipment, such as tent is a key restraining factor of the Camping Equipment Industry. On the contrary, surge in youth population, improvement in lifestyle, and rise in disposable income of people in developing countries are anticipated to offer immense opportunities for the market players. These market players are promoting the camping activity among the people through social medias and advertisements to attract customers in the market. People are preferring camping and willing to purchase necessary camping equipment such as tent, bags, cooking utensils, and others which supplements the growth of the c market globally.
