In particular, within the framework of the Memorandum, WhiteBIT and NaUKMA will carry out joint activities in the field of development of blockchain technologies, regulation of virtual assets and circulation of cryptocurrencies. First of all, it is about the development of certified educational programs, master's programs, thematic events and other scientific, methodological, educational and informational interaction.

"The Kyiv-Mohyla Academy remains true to its leadership traditions. Having signed a memorandum with the WhiteBIT company, we are starting work on creating the first master's program in blockchain technology in Ukraine and Eastern Europe, as well as the corresponding certificate program. Together with our partners, we are intensifying the educational process, helping young people to master the latest technologies together," - Serhii Kvit, the president of the National University, "Kyiv-Mohyla Academy" says.

Reference: WhiteBIT is the largest cryptocurrency exchange in Europe, and meets all KYC and AML requirements. It is among the top 2 security exchanges in the world based on Hacken's independent audit and has a AAA rating. The WhiteBIT team unites 500+ participants.
