The key highlights of the report include:

Market Overview (2017-2027)

- Forecast CAGR (2022-2027): 8.4%

The ample advantages offered by the intake of rice protein has been propelling the market growth. Rice protein is a good source of vitamin C and iron, and also provides a wide range of antioxidants. Rice protein can be used in a wide range of food and beverage applications, such as cereals, bars, baked goods, cereals, nutrition mixes and batters.

The growing food and beverage industry and the inclination towards plant-based products are also contributing to the growth of the rice protein market. Furthermore, the rising awareness for consuming plant-based food products is also catalysing the global rice protein market.

Industry Definition and Major Segments

Rice protein is one of the most important plant-based proteins and is used in several applications, such as infant food and gluten-free products. Rice protein is extracted from rice. Rice is not just carbohydrate-rich food but is also an excellent source of protein that is vegetarian and gluten-free.

Based on the product type, the market has been segmented into:

- Rice Protein Isolates
- Rice Protein Concentrates
- Others

Based on applications, the rice protein market is bifurcated as:

- Food and Beverages
- Pharmaceuticals
- Cosmetics
- Animal Feed

EMR also provides an in-depth analysis of the market by dividing the market into regions like North America, Europe, the Asia Pacific, Latin America, and the Middle East and Africa.

Market Trends

The increasing focus on pet well-being is driving the demand for rice protein in pet foods. Considering its potential, pet food manufacturers are increasingly using rice proteins for veterinary diets and premium pet food products as the demand for hypoallergenic, highly digestible, and plant-based pet food products is now on the rise.

Key Market Players

The major players in the market are Avaya, Inc., Cisco Systems, Inc., Microsoft Corporation, IBM Corporation, RingCentral, Inc, and 8x8, Inc., among others. The report covers the market shares, capacities, plant turnarounds, expansions, investments and mergers and acquisitions, among

other latest developments of these market players.
