

# Hydronephrosis Market is Set to Witness a Huge Growth by Share, Size, Growth, New innovations & Forecast Period 2029

## Hydronephrosis Market Industry analysis and Forecast 2029

PUNE, MAHARASHTRA, INDIA, October 6, 2022 /EINPresswire.com/ -- A wide-reaching [Hydronephrosis Market](#) research report brings into focus the key market dynamics of the sector. This market study also analyzes the market status, market share, growth rate, future trends, market drivers, opportunities, challenges, risks, entry barriers, sales channels, distributors, and Porter's Five Forces Analysis. The report provides fluctuations in CAGR values during the forecast period of the market. The transformation in the market landscape is mainly observed due to the moves of key players or brands which range from developments, product launches, joint ventures, mergers, and acquisitions that in turn change the view of the global face of the industry.

Data Bridge Market Research analyses that the hydronephrosis market will exhibit a CAGR of around 9.64% for the forecast period of 2022-2029. Rising prevalence of chronic disorders, increased focus on research and development proficiencies in regards to medical devices and on the adoption of advanced IT healthcare technologies, rising geriatric population base around the globe and rising expenditure for the development of healthcare infrastructure especially in the developing economies are the major factors attributable to the growth of hydronephrosis market.

Hydronephrosis is a medical condition wherein the patient suffers swollen kidney. The swollen kidney is a result of abnormal drainage of urine from the kidney to the bladder. Hydronephrosis has become a major problem across the globe.

Upsurge in the cases of surgeries for kidney related disorders is one of the major factors fostering the growth of the market. Effective cost of treatment is another market growth

determinant. Ever- rising technological advancement and innovation of new instruments and surgical procedures, poor lifestyle choice and growing consumption of alcoholic beverages are other important factors that will further generate lucrative market growth opportunities.

### Global Hydronephrosis Market Scope and Market Size

The hydronephrosis market is segmented on the basis of type, diagnosis, treatment, and indication. The growth amongst these segments will help you analyse meagre growth segments in the industries, and provide the users with valuable market overview and market insights to help them in making strategic decisions for identification of core market applications.

Based on type, the hydronephrosis market is segmented into unilateral and bilateral.

Based on diagnosis, the hydronephrosis market is segmented into laboratory test and imaging. Imaging is further segmented into CT-scans, ultrasound, intravenous pyelography, KUB X-rays, and others. Laboratory test is sub segmented into urinalysis, complete blood count (CBC), electrolyte analysis, and others.

On the basis of treatment, the hydronephrosis market is segmented into shock wave lithotripsy, laparoscopy, bladder catheterization, steroid therapy, and others.

Based on indication, the hydronephrosis market is segmented into intrinsic and extrinsic.

### Hydronephrosis Market Country Level Analysis

The hydronephrosis market is analysed and market size insights and trends are provided by country, type, diagnosis, treatment, and indication as referenced above.

The countries covered in the hydronephrosis market report are U.S., Canada and Mexico in North America, Germany, France, U.K., Netherlands, Switzerland, Belgium, Russia, Italy, Spain, Turkey, Rest of Europe in Europe, China, Japan, India, South Korea, Singapore, Malaysia, Australia, Thailand, Indonesia, Philippines, Rest of Asia-Pacific (APAC) in the Asia-Pacific (APAC), Saudi Arabia, U.A.E, South Africa, Egypt, Israel, Rest of Middle East and Africa (MEA) as a part of Middle East and Africa (MEA), Brazil, Argentina and Rest of South America as part of South America.

North America and Europe dominate the hydronephrosis market in terms of market share and market revenue and will continue to flourish its dominance during the forecast period. This is because of the increase in the expenditure for research and development proficiencies, high spending on healthcare, increase in the prevalence of kidney related disorders, presence of key

players in this region, and introduction of technologically advanced products in the region. Asia-Pacific on the other hand is projected to exhibit the highest growth rate during the forecast period owing to the increasing government expenditure on healthcare sector, rising geriatric population base especially in emerging economies such as India and China and rising personal disposable income.

The country section of the hydronephrosis market report also provides individual market impacting factors and changes in regulation in the market domestically that impacts the current and future trends of the market. Data points such as consumption volumes, production sites and volumes, import export analysis, price trend analysis, cost of raw materials, down-stream and upstream value chain analysis are some of the major pointers used to forecast the market scenario for individual countries. Also, presence and availability of global brands and their challenges faced due to large or scarce competition from local and domestic brands, impact of domestic tariffs and trade routes are considered while providing forecast analysis of the country data.

About Data Bridge Market Research, Private Ltd

Data Bridge Market Research Pvt Ltd is a multinational management consulting firm with offices in India and Canada. As an innovative and neoteric market analysis and advisory company with unmatched durability levels and advanced approaches. We are committed to uncovering the best consumer prospects and fostering useful knowledge for your company to succeed in the market.

Data Bridge Market Research is a result of sheer wisdom and practice that was conceived and built-in Pune in the year 2015. The company came into existence from the healthcare department with far fewer employees intending to cover the whole market while providing the best class analysis. Later, the company widened its departments, as well as expanded its reach by opening a new office in the Gurugram location in the year 2018, where a team of highly qualified personnel joins hands for the growth of the company. "Even in the tough times of COVID-19 where the Virus slowed down everything around the world, the dedicated team of

Data Bridge Market Research worked round the clock to provide quality and support to our client base, which also tells about the excellence in our sleeve.”
